

Make a pledge on May 20 to **SAVE THE BEES**

Bees and other pollinators are extremely important.
Our food security and entire ecosystem depends on them.

Use organic seeds

Grow herbs

Don't use toxic herbicides or insecticides

Ask your schools & council to stop using the Herbicide Glyphosate

Do not feed honey to bees

End the war on weeds

Provide drinking water

Become a beekeeper or host a hive

Grow you own food or source from local organic growers

Buy local raw honey, visit Honeymap online

Report bee swarms – save don't exterminate!

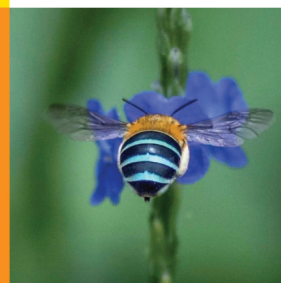

NATIVE BEE'S ❤️ THIS...

Attract indigenous pollinators, build an insect hotel

Grow an insect friendly garden with native flora

... & THIS!
